Debajyoti Talukder

Aspiring software engineer with a passion for learning and innovation. Proficient in programming and problem-solving. Well-versed in C, Data Structures and Algorithms, Python, Java, Git, GitHub, Web Development, and Full-Stack Development. Eager to learn, grow, and contribute to the success of a dynamic organization.

EDUCATION

B.Tech, Computer Science and Engineering
Murshidabad College of Engineering and Technology, Berhampore, West Bengal

2020 - 2024   *University: Maulana Abul Kalam Azad University of Technology, West Bengal | CGPA: 9.30*

Class 12th, Science
Krishnagar Collegiate School, West Bengal

2018 - 2019   *West Bengal Board | Percentage: 91.8*

Class 10th
Krishnagar High School, West Bengal

2016 - 2017   *West Bengal Board | Percentage: 93.8*

PERSONAL PROJECTS

E-Commerce Website
- **GitHub Link:** https://github.com/DebajyotiTalukder2001/E-Commerce
- **Technologies Used:** HTML, CSS, JavaScript, jQuery, Bootstrap, PHP, MySQL
- Created a complete responsive E-Commerce website based on Nykaa-Fashion, which is one of the largest E-Commerce platforms for fashion and lifestyle in India. The website's features include admin panel, user registration, product listings, shopping cart, checkout, and order management

Traffic Monitoring System
- **GitHub Link:** https://github.com/DebajyotiTalukder2001/Traffic-Monitoring-System
- **Technologies Used:** Python, Python libraries such as OpenCV, NumPy, Pandas, and Ultralytics YOLOv8
- This system can efficiently detect, track, and count vehicles moving in either direction and estimate the speed of the vehicles. It can also detect vehicle speed limit violations to ensure road traffic safety. Implemented the centroid tracking algorithm to track vehicles. The system was evaluated on the YOLOv8's state-of-the-art pretrained model. Tested on different videos, and average accuracy achieved by the system is up to 95%

Brain Tumor Detection using CNN
- **GitHub Link:** https://github.com/DebajyotiTalukder2001/BrainTumorDetection_Using_CNN
- **Technologies Used:** Python, Python libraries such as NumPy, Tensorflow, Keras, Matplotlib, and Streamlit
- Built a high-accuracy brain tumor detection system using TensorFlow and Streamlit, achieving an impressive success rate in predicting tumor presence from MRI images. Trained the TensorFlow model in the Google Colab environment, and average accuracy achieved by the system is up to 93%, leveraging a powerful convolutional neural network (CNN) architecture. Deployed the model using Streamlit and Google Colab Local Tunnel API, leveraging Streamlit's intuitive framework for rapid development and streamlined deployment

TECHNICAL SKILLS

Computer Science Fundamentals
Data Structures and Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Software Engineering, Cloud Computing, Operating Systems (OS), Computer Networks, Machine Learning, Deep Learning

Programming Languages
C, Python, Java

Python Libraries
Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow, PyTorch, Streamlit, OpenCV, Pillow, Tkinter

Web Development and Full-Stack Development
HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, jQuery, React.js, PHP, Node.js, RESTful APIs, Flask

Database Management
MySQL, MongoDB

DevOps
Git, GitHub, Containerization, Docker, Kubernetes, CI/CD, Jenkins, Ansible

Tools
MS Visual Studio Code, Google Colab, XAMPP, Postman, Figma (UI/UX), Oracle VM VirtualBox, Microsoft Azure, Microsoft Office, AI tools such as Bard and ChatGPT

Operating Systems
Linux, Windows

SOFT SKILLS

Problem-Solving   Communication   Analytical Skills   Adaptability   Work Ethic   Creativity

CERTIFICATES

IBM SKillsBuild Virtual Internship Program on Front-End Development (2023) ↗
Issued by AICTE, IBM, and Edunet Foundation.

Software Development Virtual Internship program (2023) ↗
Issued by Exposys Data Labs, Bengaluru, Karnataka.

Python Development Virtual Internship Program (2023) ↗
Issued by CodeSpeedy Technology Private Limited, Kolkata, West Bengal.

Full-Stack Web Development Industrial Training Program (2023) ↗
Issued by Ardent Computech Pvt. Ltd., Kolkata, West Bengal.
